

RENAL DENERVATION SYSTEMS FOR TREATMENT-RESISTANT HYPERTENSION (ENGLISH ONLY)

Pilot rapid assessment of other health technologies using the HTA Core Model for Rapid Relative Effectiveness Assessment

Assessment

Pilot ID: WP5-SB-12

This assessment was produced by experts from the institutions below and was reviewed by members of Work Package 5 (WP5) Joint Action 2 of the EUnetHTA network; the entire process was coordinated by the Ludwig Boltzmann Institute for Health Technology Assessment (LBI-HTA).

Disclaimer: This assessment represents a consolidated view of the non-binding recommendations of the EUnetHTA network members and is in no case the official opinion of the participating institutions or individuals. EUnetHTA Joint Action 2 is supported by a grant from the European Commission. The sole responsibility for the content of this document lies with the authors and neither the European Commission nor EUnetHTA are responsible for any use that may be made of the information contained therein.
